

International Institute of Information Technology Hyderabad
Monsoon 2024_Mid Semester Examinations Timetable

Date/ Time	8:30 AM - 10:00 AM	11:00 AM - 12:30 PM	2:00 PM - 3:30 PM	4:30 PM - 6:00 PM
20-09-2024 Friday	Statistical Methods in AI, Digital Systems and Microcontrollers	IoT Workshop, Design for Social Innovation, Embedded Systems Workshop, Science Lab I, Spectroscopy (H1)	Biomolecular Structure Interaction and Dynamics, Computational Linguistics II: Comp Semantics and Discourse parsing, Geospatial Technology for Disaster Risk Modelling, Data Structures & Algorithms for Problem Solving, Thinking and Knowing in the Human Sciences-2, Finite Element Methods, Applied Ethics, Entropy and Information	Introduction to History, Readings from Hindi Literature, Work, Entrepreneurship and Technology in Contemporary Societies, Design Thinking - Research to Define (H1)
21-09-2024 Saturday	Blockchain and Web3 Development, Earthquake Resistant Design of Masonry Structures, Probability and Random Processes, CMOS References and Regulators, Data Analytics I, Computer Programming (Theory-1 Hour)	Computer Problem Solving, Chemistry Topics for Engineers, Advanced Operating Systems, Physics of the early Universe	Spatial Informatics, Design for Testability, Algorithm Analysis & Design, Advanced Design of Steel Structures, Foundations for Signal Processing and Communication, Modern Complexity Theory, Mathematics (for CL)	Structural Engineering Design Studio, Topics in Applied Optimization, Open Quantum Systems and Quantum Thermodynamics, Bioinformatics (H1) - 2 Hours , Learning & Memory, Quantum Information Theory, Computer and Scripting I
23-09-2024 Monday	Principles of Programming Languages, Robotics: Dynamics and Control, VLSI Design, Probability and Statistics, Product Management 101 (H1)- 2 Hours , Digital VLSI Design, Advanced NLP, Product Marketing, Modern Coding Theory	Business Fundamentals, Real Analysis, Introduction to Linguistics-1, Making of the Contemporary India Spatial Thinking and Practice	Signal Detection and Estimation Theory, Systems Thinking, Algorithms and Operating Systems, Introduction to Neural and Cognitive Modelling, Speech Analysis and Linguistics	Research in Information Security, Basics of Ethics_HS0.203a (H1) , Introduction to Politics, Introduction to Philosophy, Gender and Society
24-09-2024 Tuesday	Language and Society, Environmental Science & Technology, Advanced Computer Architecture, Science I, Quantum Mechanics, Theory of Elasticity, Hydrological modelling and Software Development, Digital Image Processing, Behavioral Research: Experimental Design, Distributed Systems	Intro to Psychology, Introduction to Economics, Introduction to Film Studies, Discrete Structures, Networks, Signals and Systems	Introduction to Biology, Structural Dynamics, Signal Processing, Topics in Nanosciences, Operating Systems and Networks, Introduction to Quantum Field Theory, Thinking and Knowing in the Human Sciences - III, Software Systems Development	Wireless Communications, Information Retrieval and Extraction, Automata Theory (H1) , Principles of Semiconductor Devices, MCS 1-Probability and Statistics (H1) , Information Theory, Structural Safety of Built - Infrastructure (H1) - 2 Hours , Advanced Computer Networks

Note: For **H1** courses, it is End-Sem Exam.

Computer Programming Lab (2:00 PM to 5:00 PM) : 20/09/2024 Section A & 21/09/2024 Section B

Date : 02/09/2024

Sd/-

Prof.Kishore Kothapalli
